

TRAILING PARTNER SUPPORT

It was identified by new employees and potential new employees that finding meaningful employment for a trailing partner was a barrier to making the move to Gravenhurst.

Through the Annual Business Review Survey, the Economic Development Division have identified companies that are looking to hire additional staff. Working directly with the trailing spouse, the Economic Development will create contacts that provide potential employment opportunities.

Additionally, connections with local employment support services and entrepreneurship agencies will be made.

Contact Economic Development at 705-687-2230 X 280 or jeff.loney@gravenhurst.ca
