“Preserving Gravenhurst’s Past and Present for our Future”

2025 Committee Work Plan

The Municipal Heritage Committee’s Vision:

“Preserving Gravenhurst’s Past and Present for our Future”

Heritage resources add value, quality and diversity to our communities and need to be protected for the future. As our communities mature, our past shall not be lost to insensitive renovation or demolition, but rather retained as assets adding unique contributions to our future. The Town of Gravenhurst values its rich history, architecturally significant structures and cultural heritage values.

“Our heritage is more than a record of the past. It is the common ground that sustains our communities in a world of change, and anchors our sense of who we are. It is a source of inspiration and confidence about what we can achieve.”

– Ministry of Tourism, Culture and Sport
